

Fabulous looks - without surgery!

By **June Hutchinson**
Clinica Dental La Plaza.

OUR SPOTLIGHT this month shines on our resident semi-permanent make up artist, June Hutchinson. Having worked in the beauty industry all her working life, six years ago June trained with the World renowned Finishing Touches, in the basic, advanced and medical tiers of this exquisite and delicate art form. Semi permanent make up redefines eyebrows, eye-liner, lip liner as well as the full lip tint. This is especially useful

in Spain as it comfortably withstands the pressure of the heat where normal make up would panic and run south! June specialises in non-laser tattoo removal: a painless way to bury any past indiscretions! June's extensive experience has taken her all across the UK from the North East (where she hails from, incidentally) to Liverpool, The Isle of Man, Bristol and London's famous Harley Street.

June established an impeccable reputation in our very own area of Spain with many ex-pats now waking up beautiful every day thanks to her fine art. June continues to live and work around Southern Spain and can be seen as a team player amongst the highly skilled experts at Medaesthetics.

Many people think that the only way to go to look great as they get older is expensive surgery: not so!

A massive difference can be made to our looks without the expensive price tag. Two of the most youthful things on a face are the teeth and the eyebrows, and both can knock years off our looks as recently pointed out in the TV programme '10 Years Younger'

The fabulous eyebrows can be achieved by semi-permanent makeup; a painless treatment which gives an instant face lift! And puts an end to smudged brows in the heat! Add an eyeliner or a lip liner, or even a full lipstick colour and wow!!

If you then add on a Botox treatment and a subtle lip enhancement (painless injectable hyaluronic acid) the result is even better.

At Karen Gardner's practice we work together to

make you look wonderful and Karen can explain all the inexpensive ways to make your teeth look whiter, younger and more sparkling.

In Addition, she can give you advice on anti ageing treatments available to improve your face and hold back the years.

At the moment and until Christmas we are offering semi permanent eyebrows for €300 with a free eyeliner thrown in: Semi permanent makeup by June Hutchinson.
